

Client Relationship Summary (“Form CRS”)

Introduction								
<p>Aspen Investment Management Inc. is registered with the Securities and Exchange Commission as an investment adviser. Brokerage and investment advisory services and fees differ, and it is important for retail investors to understand the differences. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.</p>								
Relationships and Services								
<p><i>What investment services and advice can you provide me?</i></p> <p>We offer investment advisory services to retail investors. We primarily provide discretionary portfolio management services to our clients, which means that we have the ability to determine, without the client’s specific consent, the securities to be bought or sold for the client’s portfolio and the amount of securities to be bought or sold, subject to the client’s written investment guidelines and restrictions. Our portfolio management services involve providing continuous advice to our clients regarding investment of their funds based on their individual needs, and investing their portfolios based on an analysis of their investment goals and objectives. We determine how frequently we review and place transactions for each client’s account. We typically require a minimum of \$250,000 in cash or securities to open an account; this requirement may be waived under certain circumstances.</p>								
<p><i>Additional Information:</i></p> <p>You can find more detailed information about the services we offer in Items 4 and 7 of our Firm Brochure.</p>								
<p><i>Conversation Starters:</i></p> <ol style="list-style-type: none"> 1. “Given my financial situation, should I choose an investment advisory service? Why or why not?” 2. “How will you choose investments to recommend to me?” 3. “What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?” 								
Fees, Costs, Conflicts, and Standard of Conduct								
<p><i>What fees will I pay?</i></p> <p>The fee for our portfolio management services is based on the amount of assets in the client’s account and is billed quarterly in advance. While our fee is negotiable under certain circumstances, our standard fee schedule is as follows:</p> <table style="width: 100%; border: none;"> <tr> <td style="width: 50%;">Assets:</td> <td style="width: 50%;">Annual Fee:</td> </tr> <tr> <td>Up to \$2,000,000</td> <td>1.00%</td> </tr> <tr> <td>\$2,000,001 to \$4,999,999</td> <td>0.80%</td> </tr> <tr> <td>\$5,000,000 and above</td> <td>0.60%</td> </tr> </table> <p>Our fee is tiered, which means that the applicable rate will be applied to the custodian-reported value in each range of account value. For example, an account with a quarter-end value of \$3,000,000 will be charged at a rate of 1.00% for the first \$2,000,000, and 0.80% for the remaining \$1,000,000. Because our fee is based on the amount of assets in your account, we have an incentive to encourage you to increase the assets in your account. You may incur charges imposed by custodians, brokers, or other third parties such as fees charged by managers, custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, fees charged by other third parties, and other fees and taxes on brokerage accounts and securities transactions. Mutual funds and exchange traded funds also charge internal management fees. All of these charges and fees are exclusive of, and in addition to, our fee, and we have no control over, and do not receive any benefit from, these charges and fees.</p>	Assets:	Annual Fee:	Up to \$2,000,000	1.00%	\$2,000,001 to \$4,999,999	0.80%	\$5,000,000 and above	0.60%

\$5,000,000 and above	0.60%							

Additional Information:

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. You can find more detailed information about our fees and costs in Item 5 of our Firm Brochure.

Conversation Starter:

“Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?”

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:

- a) While we are independently owned and operated, we do have an established brokerage relationship with Charles Schwab & Co. (“Schwab”), a registered broker-dealer for custodian and brokerage services. Schwab offers our firm support products and services through Schwab Adviser Services. We also receive client referrals from Schwab through our participation in the Schwab Advisor Network. This may give us an incentive to recommend that our clients maintain accounts with Schwab.

Additional Information:

You can find more detailed information about our conflicts of interest in Items 12 and 14 of our Firm Brochure.
